IMPORTANT DATES

Submission of abstract:	04/07/2019
Submission of full paper:	06/02/2019
Notification of acceptance:	07/02/2019
Early bird registration:	07/09/2019
Registration & conference fee:	08/30/2019

ABSTRACT INFO

- Two pages DIN A4 (including figures and tables)
- Submission format: PDF
- Abstract submission to: neis2019@hsu-hh.de
- Template available on the website

FULL PAPER

- Size: 4–6 DIN A4 pages
- Template available on the website
- Submission format: Word (preferred) and PDF
- Presentation at conference (15 minutes) or contribution to the poster session
- Conference language: English
- Published by VDE Verlag
- Possible publication in **IEEE Xplore®***

* IEEE Xplore® reserves the right to accept or reject any of the conference papers.

NEIS 2019

Hamburg · September 19–20, 2019

Conference on Sustainable Energy Supply and Energy Storage Systems

CALL FOR PAPERS

UPDATE ► Abstract Deadline: April 7th, 2019

Possible publication in **IEEE Xplore®**

Foto: Bernd Storz / pixelio

REDUCED STUDENT FEE

For a limited number of students a participation at reduced conference fees is possible. To apply for reduced conference fee the following documents must be submitted until July 20th 2019:

- Student ID card
- Filled application form for reduced fee
- Full paper*

For more information please visit our website www.neis-conference.com

* Sponsored full paper will be published with a mark

CONFERENCE ON SUSTAINABLE ENERGY SUPPLY AND ENERGY STORAGE SYSTEMS

The conference is hosted by the chair of Electrical Power Systems of the Helmut Schmidt University. It will provide a forum for scientists and experts to discuss the key aspects of a sustainable energy system.

The submitted work should be original, contain unpublished research results and be experimental or theoretical in the following topics for NEIS 2019:

- Grid Integration of E-Mobility Sector
- Sector Coupling for Practical Applications with Dual Use
- Power System Measurement and Identification Methods
- Innovative Monitoring and Protection Methods for Power Systems
- Experimentally Validated Energy Storage Applications
- Experimental Demonstration of Smart Grid Solutions
- New Mathematical Computations for Power Systems

DATE & LOCATION OF THE CONFERENCE

Date: September 19–20, 2019
 Location: Helmut Schmidt University / University of the Federal Armed Forces Hamburg
 Holstenhofweg 85, 22043 Hamburg, Germany

HOSTING INSTITUTE – ELECTRICAL POWER SYSTEMS/ DISTRIBUTED ENERGY LABORATORY

The Institute of Electrical Power Systems at the Helmut Schmidt University is hosting the NEIS Conference since 2013. The institute’s focus lies on a combination of experimental and theoretical research covering five areas within the field of Electrical Power Systems:

- Power Grids
- Grid Identification through Grid Impedance Measurements
- E-Mobility
- Hydrogen and Fuel Cell Technologies
- Electrical Grids in Aircraft

The experimental facilities are combined in the Distributed Energy Laboratory (DLab).

CONFERENCE DIRECTOR

Univ.-Prof. Dr.-Ing. habil. Detlef Schulz
 Chair of Electrical Power Systems
 Faculty of Electrical Engineering
 Helmut Schmidt University / University of the Federal Armed Forces Hamburg
 Speaker of Research Cluster Sustainable Power Systems

CONFERENCE FEE

For full conference fee	350 €
For early bird registration	300 €
For reduced fee*	150 €
For additional paper	350 €
For additional papers (max. 2)	50 €

* Available for a limited number of students, an application is necessary. For more information see this flyer and www.neis-conference.com
